About Adirondack Architectural Heritage

Adirondack Architectural Heritage (AARCH) is the historic preservation non-profit organization for the Adirondack region. Since the early 1990s, Adirondack Architectural Heritage, along with NYSDEC and the Town of Newcomb,

have worked to stabilize some of the major buildings at Camp Santanoni and provide interpretive services. In 1998, this partnership, along with the hundreds of others who love this special place, launched the Friends of Camp Santanoni to provide long-term financial and volunteer support for the camp.

Each summer, AARCH leads a robust series of tours across the Adirondack park of both private, public, and rarely-seen resources including great camps, prisons, islands, and hamlets. AARCH also advocates for the preservation of historic resources across the park, provides technical assistance, and helps connect owners of historic buildings to the information and resources they need, such as tax credits, grants, and local contractors. Visit AARCH.org for more information and to join us!
