Dear Members and Friends of AARCH,

In 2024, AARCH continued meeting organizational goals and giving back to communities across the Adirondack region. In 2025, we look to the future as we embark on a new strategic plan.

This past year, we saw the Keeseville Waterfront Park project through to completion and will soon turn it over to the Town of Ausable. Our Adirondack Rural Revitalization Program awarded grant funding to 11 exciting preservation projects, currently underway in eight counties. Through this program, AARCH is investing an impressive $680,734 dollars in every corner of our service region. Additional highlights from this past year's preservation services include over two-dozen technical assistance site visits, support of nearly 40 preservation-related inquiries, and three successful National Register of Historic Places nominations. Additionally, we supported two ongoing grassroots preservation efforts: Watertown's Thomas Memorial AME Zion Church and the Steamboat *Tuscarora* in Blue Mountain Lake.

Restoration continues at Camp Santanoni. We completed plans for a new fire suppression system, added a new roof on the smokehouse, and worked towards a new bathroom in the Gate Lodge. Our oral history project with OurStoryBridge, *Camp Santanoni Stories*, is underway and we held our first Art and Music Day at the camp. Lastly, we continued to deliver our much-loved educational programs, including nearly 50 day-long tours, hands-on workshops, public talks, webinars, and even a multi-day excursion to Buffalo last spring. You can read more about our inspiring work in the pages ahead.

Thanks to your continued support and the work of our great staff, AARCH creates positive impact throughout the Adirondacks while advancing our mission of promoting public understanding, appreciation, and stewardship of the Adirondacks' unique and diverse architectural heritage.

Kind Regards,

Ed

Ed Hodges
Board President

Keeseville Waterfront Park Overlook

AARCH's work is supported, in part, by the New York State Council on the Arts with the support of the Office of the Governor and the New York State Legislature.

In 2024, AARCH helped historic property owners throughout the North Country with their barns, churches, camps, mausoleums, and everything in between. We offer an array of preservation services to home and business owners, municipalities, and nonprofit organizations that help them understand and preserve their historic buildings. Among the many services we offered this year, we helped prepare National Register of Historic Places nominations, connected property owners with funding opportunities, and provided guidance on a myriad of conservation challenges from paint to windows and roofing.

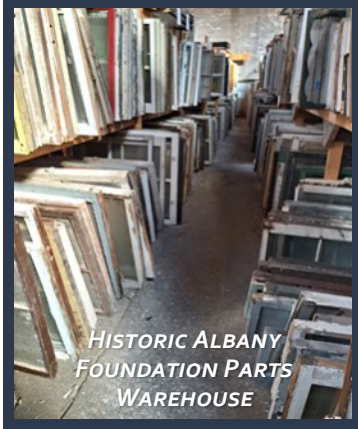
ARCHITECTURAL SALVAGE



HISTORIC ALBANY FOUNDATION PARTS WAREHOUSE

Did you know that in New York State, construction and demolition debris from structures, buildings, roads, and excavated materials is the single largest source of waste? It amounts to 46% of the entire waste stream (18.4 million tons per year!) — 42% of that construction debris comes from buildings alone, compared to 31% nationally.[1]

In our March webinar, *Secondhand Stories: Exploring Architectural Salvage*, we highlighted architectural salvage warehouses as a means to reduce landfill waste and serve as an invaluable source of hard-to-find, period-appropriate parts. There are currently no salvage warehouses in the Adirondacks.

Thanks, in part, to grants from the Cloudsplitter Foundation and the National Trust for Historic Preservation's Peter H. Brink Leadership Fund, AARCH is exploring the possibility of starting an architectural salvage warehouse in the Adirondack region. In 2024, we traveled to Finger Lakes ReUse, Historic Ithaca's Significant Elements, and Historic Albany's Architectural Parts Warehouse to learn about their day-to-day operations and deepen our understanding of the role preservation plays in a circular economy. We look forward to exploring this idea further in 2025!

Educational Programs

St. Williams on Long Point, Raquette Lake

Excitement for our season of tours, workshops, and events hit a fever pitch in 2024 thanks to the interest and support of all of you! We continue to strive for quality, memorable outings and had a record level of engagement in tours this year. Our 2024 theme of *The Stories In Between* guided our understanding of the way that our educational programming highlights the cultural fabric of the Adirondack region and the bonds that link communities together across time and geography.

From the shores of Lake Ontario, Lake Champlain, and the St. Lawrence River, down to the foothills of the Mohawk Valley, we explored numerous places that were linked to one another by roads, waterways, railroads, family ties, or even just their contributions to the wider story of our region. This season's popular *Mystery Tour* took us to the isolated community of Beaver River on the Stillwater Reservoir. Boasting a year-round population of four, this former stop on the Adirondack Railroad exhibits a long, rich history of hunting, fishing, hotel life, and how to thrive in a true backcountry setting.

Other historic railroad hubs provided ample stories to dig into, like Potsdam's unique red sandstone architecture and the craftsmanship of Remsen's 19th-century Welsh population. Whether it was Champlain Valley grange halls, lakeside camps, architecturally diverse downtowns in Essex and Warrensburg, Altona's dams and powerhouses, or other sites across Adirondack communities, we explored how these places link us to the broader regional story. The sites we visit on our programs offer tangible reminders of our cultural heritage and illustrate how much we still have to gain from the stories of the region's forebears and the world that they shaped.

Keeseville Community Arts Festival

NOLAN'S TOUR NOTES

Tour Miles Traveled: 2,930. We're working to curb our carbon emissions – help us out by carpooling as much as possible on future outings!

Crowd Favorite: Our popular *Mystery Tour* to Beaver River Country this year offered a memorable experience that attendees won't soon forget, complete with a boat ride, a bus caravan, and a deep dive into one of the state's most isolated communities.

Best Weather: Despite the heavy rains of last summer, we fared very well on most outings. We were so fortunate that it's impossible to pick a specific tour for best weather.

Hottest: A hot and humid week as July turned into August was memorable for our Small Farm Rising Saranac, Friends Lake, and Lake Pleasant tours.

Coldest: Oddly enough, our August tour in Loon Lake featured a slight late-summer mountain chill, but not enough to slow down the engaged group.

Hidden Gem: So many new tours were hidden gems, including a brand-new Small Farm Rising tour in the town of Saranac and the mix of close-knit family stories and early Hollywood connections at Lake Champlain's Corlear Bay.

Camp Santanoni

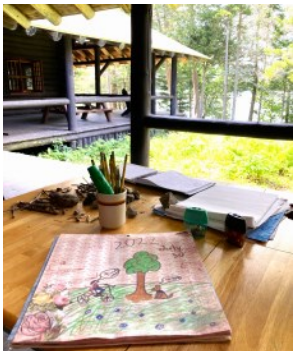
2024 was a busy year at Camp Santanoni! First, we launched an oral history project called *Camp Santanoni Stories* in partnership with *OurStoryBridge*. Through this project, we are recording stories of the decades-long collaborative effort to preserve Camp Santanoni. These testimonies detail work to stabilize and restore buildings across the campus, the site's impact on the Newcomb community, and what working there has meant to generations of Camp Santanoni interns, volunteers, craftspeople, and others.

www.ourstorybridge.org

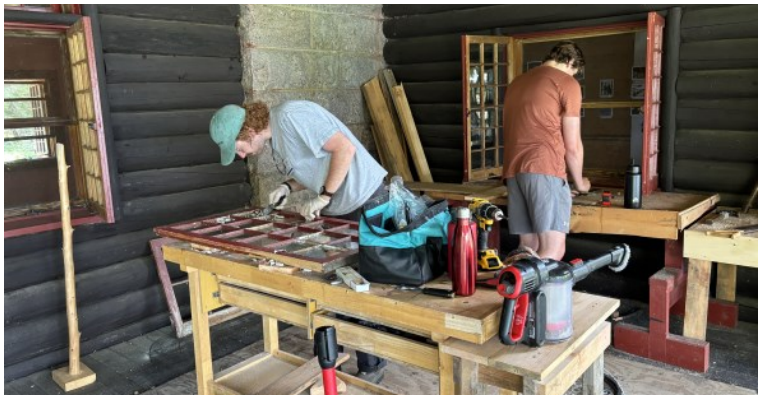
We have also finalized plans for implementing a state-of-the-art fire suppression system at the Main Camp, thanks to funding from Office of the Governor, the New York State Legislature, and private grant support.

In July, we lost a dear friend, Chuck Vandrei, Agency Preservation Officer for the New York State Department of Environmental Conservation, and a partner in many preservation efforts throughout the Adirondacks, especially at Camp Santanoni. Many conversations between Chuck and AARCH staff occurred on the Santanoni Gate Lodge porch, frequently over lunch. We deeply miss Chuck and continue our work in his memory.

This year, Jennifer Betsworth led two new sold-out bike excursions featuring behind-the-scenes access to spaces not on our regular tours. We plan to bring back this popular tour in 2025.



Jennifer Betsworth and Wilkes Jordan organized our first-ever Art and Music Day at Camp Santanoni, bringing over 100 people to the site for an arts-focused interpretive tour and creative activities across the site.



January 2025 Winter Weekend, photo courtesy of Nancie Battaglia.

Our 2024 Winter Weekends were a big success! In spite of limited snow cover for our March weekend, we drew hundreds of visitors to Camp Santanoni in January, February, and March. Through ongoing collaboration among the Santanoni Partners — Adirondack Architectural Heritage, the Town of Newcomb, and the New York State Department of Environmental Conservation — our Winter Weekends continue this year. During each of the three events, cross-country skiers and snowshoers can take interpretive tours of the Gate Lodge and Main Camp buildings with AARCH volunteers. The Artist's Studio is open 10am-3pm each Winter Weekend day with a warm stove and hot beverages.

2025 Winter Weekends

January 18-20 | February 15-17 | March 15-16

This summer was the 34th year of our summer intern program partnership with the Town of Newcomb, who generously supports the work of our interns as well as Jennifer Betsworth, the Camp Santanoni Interpretive Coordinator. Interns Aidan Kyle and Luke Dillon joined us for the summer , giving daily tours through July and August and continuing window restoration work throughout the site, including the monumental double-hung window in the Gate Lodge stairwell.

THOMAS MEMORIAL AME ZION CHURCH, WATERTOWN

From its initial construction in 1909 through its consistent use for worship services until 2012, Watertown's Thomas Memorial AME Zion Church has long served as an anchor for Jefferson County's African American community. AARCH serves a key role as part of the friends group and fiscal sponsor for two prestigious grants the project received in 2024: the National Trust for Historic Preservation's Preserving Black Churches program and the Preservation League of New York State's Preservation Opportunities Fund. Grant funding from these two sources enabled stabilization of the church tower through external bracing. AARCH will continue working alongside Preservation in Color, Neighbors of Watertown, and Crawford and Stearns Preservation Architects to administer these grants and determine the next steps toward the building's stabilization.

STEAMBOAT *TUSCARORA*, BLUE MOUNTAIN LAKE

The project to relocate and preserve Blue Mountain Lake's steamboat *Tuscarora* continued this year, with the ultimate goal of interpreting its role in the region's history in an attractive and accessible exhibit space. In 2024, the project received grant support from the Adirondack Foundation's Generous Acts program and private fundraising efforts picked up steam throughout the year.

A core member of the *Tuscarora* advocacy team and a beloved positive force in the Adirondacks, Betsy Folwell, passed away in early January 2025. Betsy's passion and support for the *Tuscarora* is greatly missed, but we look forward to continuing the work in honor of her memory and impact.

Photo of Betsy Folwell in front of the Tuscarora *by Nancie Battaglia.*

DEBAR POND LODGE, DUANE

We continued advocating for the preservation of Debar Pond Lodge in 2024. We met with New York State legislators, environmental groups, and the New York State Department of Environmental Conservation to encourage their consideration for classifying the six-acre parcel containing the buildings as "historic" under the Forest Preserve's land use classification. This designation would allow the state to achieve their accessibility goals and keep the structures intact without changing to an intensive use that would include demolition, a new pavilion, and added parking lot.

Adirondack Rural Revitalization Program

Adirondack Rural Revitalization Program

Grant awardees of our Adirondack Rural Revitalization Program (ARRP) began work on their projects over the past year. Each of the 11 rehabilitation projects contributes to its community's character, creates economic development in publicly-accessible historic buildings, and follows preservation standards.

We are pleased to highlight some of the completed and ongoing work below and are excited to see these projects continue to come to life in the coming year!

Civic Center Rehabilitation Project
Keeseville, Clinton County

A lift was installed and restoration work on the building's restrooms is in full swing.

Town Hall Roof Renovation and Upgrade
Saranac Lake, Franklin County

The elevator and roof drainage were repaired and interior restoration work is on its way to being completed in early 2025.

Heintzelman Library Historic Preservation Project
Brant Lake, Warren County

The building's 11 windows were replaced with period-appropriate ones and the overhead electrical service was replaced with less obtrusive underground service.

Salem Courthouse Great Hall Rehabilitation and Fire Safety Upgrade
Salem, Washington County

The new fire safety system was installed to replace outdated smoke detectors. Rehabilitation of the Great Hall is underway

Trudeau Building Entrance Restoration
Saranac Lake, Franklin County

An old entryway was removed and a new concrete slab was poured. The project is on track to be completed by the end of 2025.

Silas Wright House Window Project
Canton, St. Lawrence County

A total of 25 existing wood windows were restored and reinstalled, and the final touch ups and hardware were recently completed.

Stay tuned for more information on our Adirondack Rural Revitalization Program projects as they wrap up in the coming year!

The Adirondack Rural Revitalization Program is supported, in part, by a Paul Bruhn Historic Revitalization Grant from the Historic Preservation Fund administered by the National Park Service, Department of the Interior.

Our special events are highlights of the year that allow us to gather with AARCH members and friends. We are always grateful for the opportunity to connect, share inspiring stories, and celebrate preservation throughout the Adirondack region and beyond.

Annual Meeting

In April, we held a hybrid Annual Meeting in at Heaven Hill in Lake Placid and online. We welcomed two new members to our Board of Directors, Tom French and Diane Newbury. Sarah Heffern, Ed Hodges, Dean Melville, and Maria Russell were re-elected for another term.

Tom French

Diane Newbury

29th Annual Preservation Awards

We closed our programming season with our Annual Preservation Awards program in October highlighting exemplary preservation work throughout the region. War Cannon Spirits, a 2023 award winner, generously hosted us for a special evening of spectacular food and celebration. *See award winners on next page.*

Photo courtesy of Katie Cole.

Summer Celebration: Afternoon Tea at the Keene Valley Country Club

In August, we gathered at the Keene Valley Country Club (KVCC) for our Summer Celebration. Serving as a community hub for year-round and seasonal residents alike, the KVCC embodies the closely intertwined relationship between these two groups.

Thank you to everyone who joined us for afternoon tea, a longstanding tradition at the club, and Green Goddess Natural Market for providing the delicious refreshments. Thank you as well to Derek and Kim Notman for an exclusive tour of Eaglestowe, the Notman family's picturesque Shingle-style summer home built in 1885. Lastly, thank you to Keene Valley historian Tony Goodwin for sharing the community's history and to AARCH board member and architect, J.B. Clancy, for generously providing two original drawings of the KVCC as well as a custom sketch, which we raffled off to benefit AARCH.

2024 Preservation Awards

*Our **Annual Preservation Awards** recognize exemplary historic preservation work throughout the region. We honor examples of sensitive restoration, adaptive reuse, community revitalization, lifetime achievement, and long-term stewardship. Our 2024 recipients represent the wide range of projects, places, and people who are helping to preserve and enhance the unique heritage and built environment of the Adirondacks. Visit aarch.org/preserve/aarch-awards to read more about this year's awardees.*

White Pine Camp Associates LLC: Reconstruction of the Service Quarters at White Pine Camp
Paul Smiths, Franklin County

Muhammad "Mo" Ahmad:
Rehabilitation and Restoration of the Frontier Town A-Frame
North Hudson, Essex County

Mark "Willie" Wilcox:
Restoration of Crystal Spring Farm
Essex, Essex County

The Lodge at Schroon Lake: Rehabilitation of the Brown Swan Club
Schroon Lake, Essex County

Over 80 organizations, municipalities, businesses, and foundations support AARCH's work throughout the region. We especially value their sponsorship of our summer celebration, sweepstakes, and other special events. Please help us thank them by supporting them with your business. **Names in bold** give monthly to AARCH as sustaining members. *Names in italics* have contributed to the Engelhart Education Foundation. Names with an asterisk (*) have donated to the Friends of Camp Santanoni. A World of AARCH exists online, join us there.

Preserving the Architecture and Communities of the Adirondacks through Education, Action, and Advocacy

Our Members Are Our Backbone

35 years ago, a small group of concerned individuals came together to save Camp Santanoni and begin AARCH's broad and effective work across the region. We ended that first year with 150 members.

Today, AARCH has over 1,300 members from all corners of the Adirondack region, five countries, and 38 states!

Everything we do — education, action, and advocacy — is possible because of you. ***Thank you for your continued support.***

Scan the QR code at the right to donate online. We're also available by phone at 518.834.9328 and email at info@aarch.org.
